

MERLIN BUFFET PLATTERS

ARE STACKABLE WITH THE FOOD READY PREPARED

M
MERLIN-GASTRO

BENEFITS MERLIN

SAVE SPACE

10 displays can be stacked with the food ready arranged.

SAVE TIME

10 displays with food for upto 180 people can be stacked on a trolley and easily transported.

SAVE COSTS

with the efficiency of preparation.

IDEAL FOR OUTSIDE CATERING

Ready prepared displays can be stacked and easily transported in a vehicle.

CHILLED WHILE TRANSPORTED

Chiller packs lay in the frames to help chill the food while being transported.

CONFIGURATIONS

Various configuration will enhance the buffet with shapes like hexagons, triangles, diamonds and rectangles.

LONG LIFE

All parts are individually replaceable, allowing damaged/deteriorating parts to be replaced, giving an extra long life to the display.

Merlin Buffet Displays have been successfully sold worldwide since 1992. They are made from a high grade plastic frame that surrounds a crystal glass mirror, an acrylic double sided mirror or other acrylic surfaces.

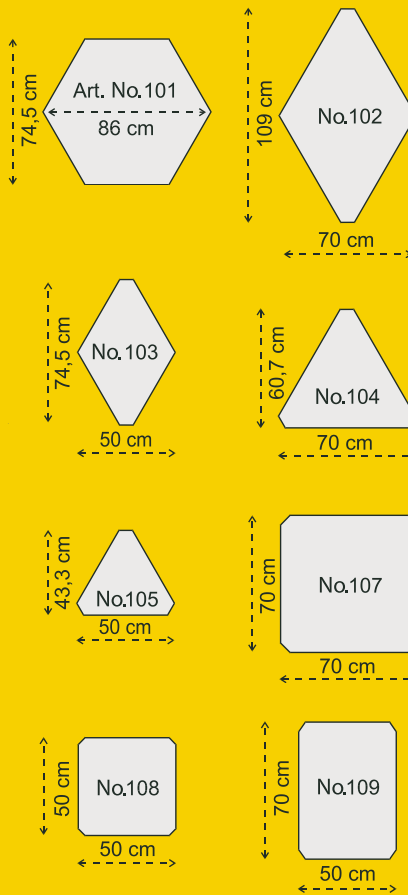

Ideal for outside Catering: A buffet for 120 people fits easily into a small vehicle.

A Buffet for 250 people: A stack is secured by Transport Cover.

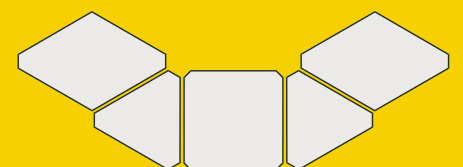

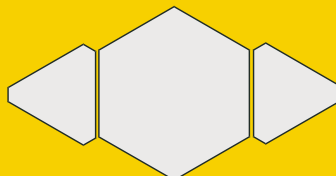

A Chiller Pack, seen in the cross section, held in the frames by magnets.

8 different shapes and sizes can be supplied.

10 Buffet Displays can be stacked on to a transport trolley.

Configuration work well with all displays.
